

A cat that comes to class with you.

OldCat for Mac

It lives on your Today page.

Naps in the sun by day, keeps the lamp on with you at night.

In class, it's listening too.

Mind maps that stay sharp as you zoom

The screenshot shows a digital note-taking application interface. On the left is a sidebar with a user profile (年糕, student@example.com) and navigation icons for '今天' (Today), '上课' (Class), '课程记录' (Course Record), '单词本' (Vocabulary Book), '课表' (Class Schedule), and '装饰' (Decorate). The main content area is titled '汇率与国际收支' (Exchange Rate and International Trade) and contains several paragraphs of text in both English and Chinese. The right-hand panel features a tabbed interface with '思维导图' (Mind Map) selected, showing a mind map centered on '汇率与国际收支' with branches for '本币贬值' (Domestic Currency Depreciation), 'J 曲线' (J-curve), '例子' (Examples), and '考试' (Exams). The bottom of the application shows a zoom level of 89% and a '适合' (Fit) button.

汇率与国际收支

When the exchange rate rises, our products look cheaper abroad.
汇率上升时，我们的产品在国外看起来更便宜。

So exports go up and imports go down.
所以出口增加，进口减少。

But prices adjust slowly, so contracts signed earlier still hold.
但价格调整很慢，之前签的合同依然有效。

Remember the J-curve: the trade balance gets worse before it gets better.
记住 J 曲线：贸易差额会先恶化，再改善。

Who can tell me why a weaker won helps Korean exporters?
谁能说说，为什么韩元走弱对韩国出口企业有利？
